RECOGNIZING VIZCAYA, A SOUTH FLORIDA NATIONAL TREASURE

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to recognize Vizcaya, an accredited museum and national historic landmark, located in my congressional district and the legacy of visionary James Deering, who created this south Florida gem 100 years ago.

With the help of Deering's nieces, public officials, and private citizens, Vizcaya has been serving as a public resource for more than 60 years now. Today, it is at the origins of modern Miami's interest in art, international culture and innovation, and welcomes over 275,000 guests each year.

Vizcaya will restore several historic village buildings and the surrounding landscape, which will enable them to tell the full story of the estate, including the legacy of its workers, and to accommodate new programs for stu-

dents and families, including those on urban farming.

Vizcaya's future will be rooted in its history, but directed toward the demands of 21st century Miami.

For 100 years, Mr. Speaker, Vizcaya has been a place for people to gather, to learn, to engage in social activity, and to find inspiration. Its continued evolution will cement its role as Miami's cultural hub.

INVEST IN THE HEALTH OF BOTH OUR PEOPLE AND OUR ECONOMY

(Mr. KRISHNAMOORTHY asked and was given permission to address the House for 1 minute.)

Mr. KRISHNAMOORTHY. Mr. Speaker, the GOP's American Health Care Act would turn back the clock on health care for the American people while driving States toward bankruptcy and devastating our economy.

Under the Affordable Care Act, 1 million people in Illinois gained health insurance. Under this plan, over 1 million would lose it. Millions more across our country currently receiving coverage through their jobs would lose their health care as well.

State and local budgets would face cuts in Federal aid, forcing a choice between cutting coverage and raising taxes. My home State of Illinois alone would lose \$40 billion over the next decade.

And this bill would wreak havoc on the American economy. The American Health Care Act would kill nearly 2 million jobs, while eliminating billions in healthcare funding that would otherwise support hospitals, community health services, and the development of new cures.

We need to invest in the health of both our people and our economy. Unfortunately, this plan does neither.

SPRING CREEK TROUT UNLIMITED CHAPTER

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise to recognize the Spring Creek Trout Unlimited Chapter located in Pennsylvania's Fifth Congressional District for receiving the National 2016 Gold Trout Award as the Nation's most outstanding Trout Unlimited chapter.

The Spring Creek Chapter's conservation and angler science activities this year are world class, with more than 1.5 miles of riparian habitat planted, 13 in-stream structures built, water quality monitoring, redd count and angler surveys totaling more than 4,500 hours. These volunteer efforts are valued at more than \$210,000.

Beyond this outstanding conservation activity, the chapter reaches into the community, hosting events and activities. The Veterans Service Partnership program serves hundreds of vet-

erans, with the power of healing and a sense of community.

Mr. Speaker, I look forward to joining the members of the Spring Creek Trout Unlimited Chapter this Saturday for the 44th annual dinner to celebrate the chapter's gold trout award. It is just 1 of 400 Trout Unlimited chapters across the country. This outstanding achievement shows the power, dedication, and teamwork from local Trout Unlimited members.

QUESTIONING MR. COMEY

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, in a methodical questioning of Mr. Comey today in the Intelligence Committee, let me recount for you and my colleagues the responses of Mr. Comey.

Mr. Trump's tweet, March 4, 2017: Terrible. Just found out that Obama had my wires tapped in Trump Tower just before the victory. Nothing found. This is McCarthyism.

Mr. Comey said: No, it did not happen.

March 4, 2017: Is it legal for a sitting President to be wiretapping a race for President prior to an election? Turned down by court earlier. A new low.

Mr. Comey said: No, it did not happen.

Mr. Comey, the FBI director.

Again on March 4, 2017: I bet a good lawyer could make a great case out of the fact that President Obama was tapping my phones in October, just prior to election.

Again, Mr. Comey said: No.

And then again on March 4, 2017, Mr. Trump said: How low has President Obama gone to tap my phones during the very sacred election process. This is Nixon/Watergate. Bad, or sick, guy.

Mr. Comey, the FBI director, said: No.

Definitively, Mr. Trump did not tell the truth. More investigations deliberately to determine the status of the actions of the President of the United States accusing a former President of a criminal felony which did not happen. It did not happen.

CALIFORNIA'S FIRST CONGRESSIONAL DISTRICT TOWNHALL MEETINGS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, this past Saturday, in my own First Congressional District of California, we had the first of our series of townhall meetings—this one in Nevada County at the Grass Valley fairgrounds.

It was a good meeting. A bit raucous at times. There was disagreement, and there was some agreement as well. But I think it was a good dialogue to get started with the dialogue we need to have in northern California on the very important issues that we are working on here in Congress.
